RESEARCH EXPERTISE

I examine how regulations and market structures shape innovation strategies in knowledge-intensive industries, including how transparency mandates, intellectual property regimes, and venture capital concentration influence firms' R&D decisions, from geographic allocation to risk-taking in the fundamental choice between novel and incremental innovation.

EDUCATION

University of Maryland, College Park <i>Ph.D., Managerial Economics</i>	2021 – 2027 (expected)
Duke University <i>M.A., Economics</i>	2019 – 2021
Jinan University <i>B.A., Economics</i>	2015 – 2019

WORKING PAPERS

Disclosure, Appropriability, and Firms' R&D Decisions: Evidence from the Pharmaceutical Industry

Job Market Paper | Draft

Venture Capital, Market Power, and Financing of Innovation

with Chengmou Lei | Poster, 2026 American Finance Association Annual Meeting

Are There Gender Differences in Ambition? Evidence from an Online Experiment
